

Biography

My name is Sothera, and you can call me "Thera" for short.

I welcome you to the country of my birth and will be happy to be your local driver, guide and assistant while you are in Siem Reap, Cambodia. If you choose to work with me, your business is greatly appreciated.

I have lived and provided my services in Siem Reap and Angkor for many years.

I am dedicated to ensuring that my clients are well taken care of, comfortable, safe and that they are treated fairly by our community and other vendors.

I am a young entrepreneur, age 34. I am an honest hard working father of two, and I do my best to provide my family with food, shelter and an education. I study and take classes in English to improve my language on a daily basis. When I am not working, I tutor local children who cannot afford this privilege. I have realized how important a second language is.

I am a licensed driver, and carry my passengers by motorized Tuk Tuk or Automobile. My service includes driving and touring, with some basic historical detail. I understand that while at Angkor, and traveling in a group, you are most interested in seeing the sights of our historical civilization. My expertise will be in providing a safe attentive full day of travel and touring. Afternoon and evening excursions as well as airport pick up and drop off are available upon your request.

Why travel by motorized Tuk Tuk?

This mode of transportation is comfortable, safe and allows you to feel close to the land, and the beautiful countryside. The lovely breeze from the drive will cool you on hotter days, and you will enjoy a more realistic experience of truly traveling in this land.
