

## Tuk Tuks Advantage

- Nice breeze even on a hot Cambodian day
- Economical
- Environmentally friendly as opposed to a car
- Closer to nature and your surroundings
- True Cambodian experience
- Water is provided
- Much more fun
- Comfortable transportation for two
- Luggage can be transported in front of passengers or on the carriage roof
- You can stretch your legs out fully
- Relaxing. The Siem Reap tuk-tuk is a very comfortable and relaxing carriage like experience
- Siem Reap tuk-tuks are generally of the style of motorcycle and trailer. Phnom Penh tuk-tuks are by contrast one piece
- Cambodian cities have a much lower volume of automobile traffic than Thai cities, and tuk-tuks are still the most common form of urban transport
